

TimeManagerLIVE™

CAPTURE HOURS FROM OUTLOOK'S
NATIVE CALENDAR INTERFACE.

TIME TRACKING FROM OUTLOOK AS A SERVICE

INTEGRATION AND REPORTING IN A TIME-TRACKING SAAS SOLUTION

Give your team the capability to link their meetings and tasks to projects pulled from your company CRM, ERP, Project Management, or accounting systems. Monitor team members' availability vs logged time for valuable insights on resource utilization.

PARIS TECHNOLOGIES INC.

TIME MANAGER LIVE FOR PROFESSIONAL SERVICES

EVERY SECOND UNACCOUNTED IS MONEY LOST.

Does your company offer audit, tax, accounting, advisory, digital & creative, engineering, legal, services? Any business whose profits are based on time and material knows that accurate time tracking is crucial.

You also know first-hand that logging and tracking hours it is not always easy especially when your consultants are busy juggling multiple projects and deadlines. Make it easy for your team to log their time... with a calendar they're already using -Outlook.
